Dear Mr. Finkelstein:

On behalf of Jerusalem Dental Center for Children, I would like to thank you for the generous gift of \$1,250.00. Your commitment to helping us provide affordable dental care in Jerusalem, and throughout Israel, is sincerely appreciated.

Each year Jerusalem Dental Center for Children continues to advance its mission of providing high-quality and preventative dental care at an affordable cost for families, ensuring that they receive the quality and professional dental care that they deserve. Since opening in 1985, we have seen more than 325,000 patients. Our highly trained and dedicated staff treats more than 12,000 adults and children a year at an 80% discount from the standard private practice fees. In the event that someone cannot afford these minimal fees, we can set up special payment programs, or have even been able to waive the fees altogether. Quality dental care is essential to a person's overall health, and with the help of donors like you, we are able to keep and expand on the programs that we have implemented at the clinic to help achieve our goals. Our programs such as preventative care, education on how to care for your teeth, fluoride treatments, restorative care, and some very special programs geared toward children to help alleviate anxiety and pain when they require extensive treatment, all depend on the donations from generous people such as yourself. We could not do this without you, and these programs are essential to the people all across Israel who cannot afford the standard fees of a private practice dentist.

Our goal is to continue to make a difference by continuing to provide quality care to families, and with your support, we will continue to see improvements.

Thanks again for your generous support, and in helping to continue our efforts in ensuring that as many people as possible all over Israel can get the dental care and treatment that they need.

Best wishes,

Dr. Isaac V. Perle D.M.D.  
President
